How to Register for a Personal User Account

This one time set up of your DynaMed Personal User Account and allows you to collect and redeem time-tracked CPD points, download and sign into the DynaMed mobile app and set up topic alerts for when new information is added.

1. Select register now

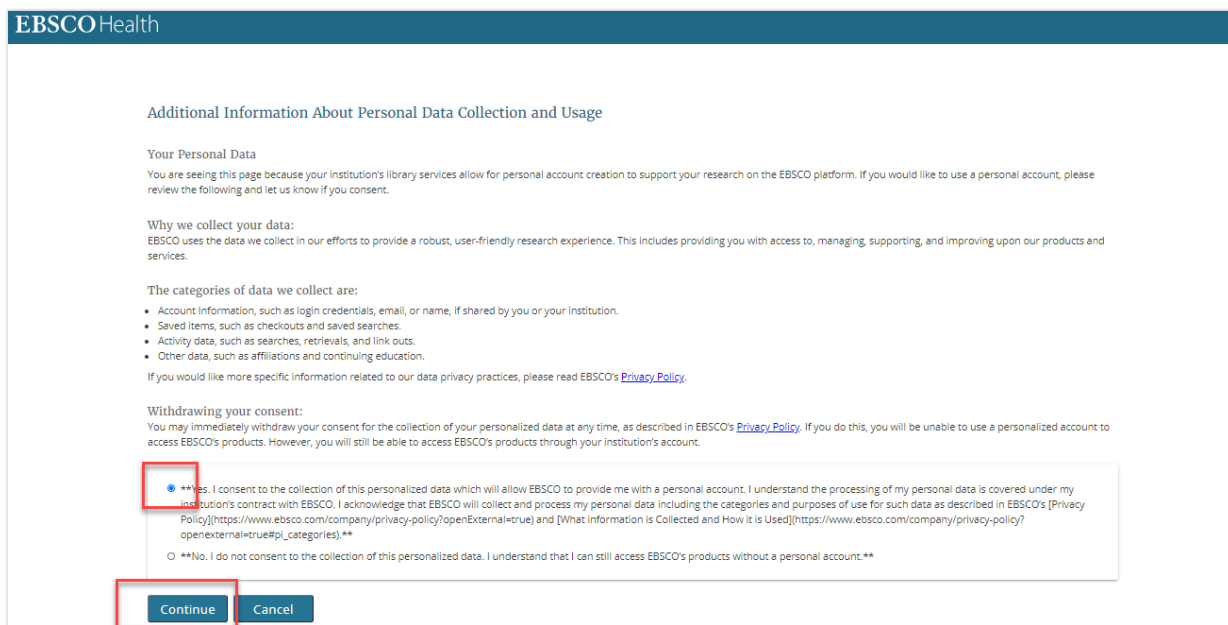

2. Complete the Registration Form

The screenshot shows the 'Register for a Personal Account' form on the DynaMed website. The form includes fields for Email Address, Password (with a 'Show Password' link), and 'Your Information' section with fields for First Name, Last Name, Organization, and Specialty (a dropdown menu). There is also a Role dropdown menu. A 'Register' button is at the bottom.

Note: When creating a password, ensure your password meets the following criteria: Must be at least 6 characters long | Must contain at least one special character | Must contain at least one number | Can not contain any words that are excluded. (e.g. "dynamed" and "ebSCO")

3. Accept Personal Data Collection

The screenshot shows the 'Additional Information About Personal Data Collection and Usage' page on the EBSCO Health website. It includes sections for 'Your Personal Data', 'Why we collect your data:', 'The categories of data we collect are:', and 'Withdrawing your consent:'. At the bottom, there are two radio button options for consent, with the first option selected. The 'Continue' button is highlighted with a red box.

Additional Information About Personal Data Collection and Usage

Your Personal Data
You are seeing this page because your institution's library services allow for personal account creation to support your research on the EBSCO platform. If you would like to use a personal account, please review the following and let us know if you consent.

Why we collect your data:
EBSCO uses the data we collect in our efforts to provide a robust, user-friendly research experience. This includes providing you with access to, managing, supporting, and improving upon our products and services.

The categories of data we collect are:

- Account Information, such as login credentials, email, or name, if shared by you or your institution.
- Saved items, such as checkouts and saved searches.
- Activity data, such as searches, retrievals, and link outs.
- Other data, such as affiliations and continuing education.

If you would like more specific information related to our data privacy practices, please read EBSCO's [Privacy Policy](#).

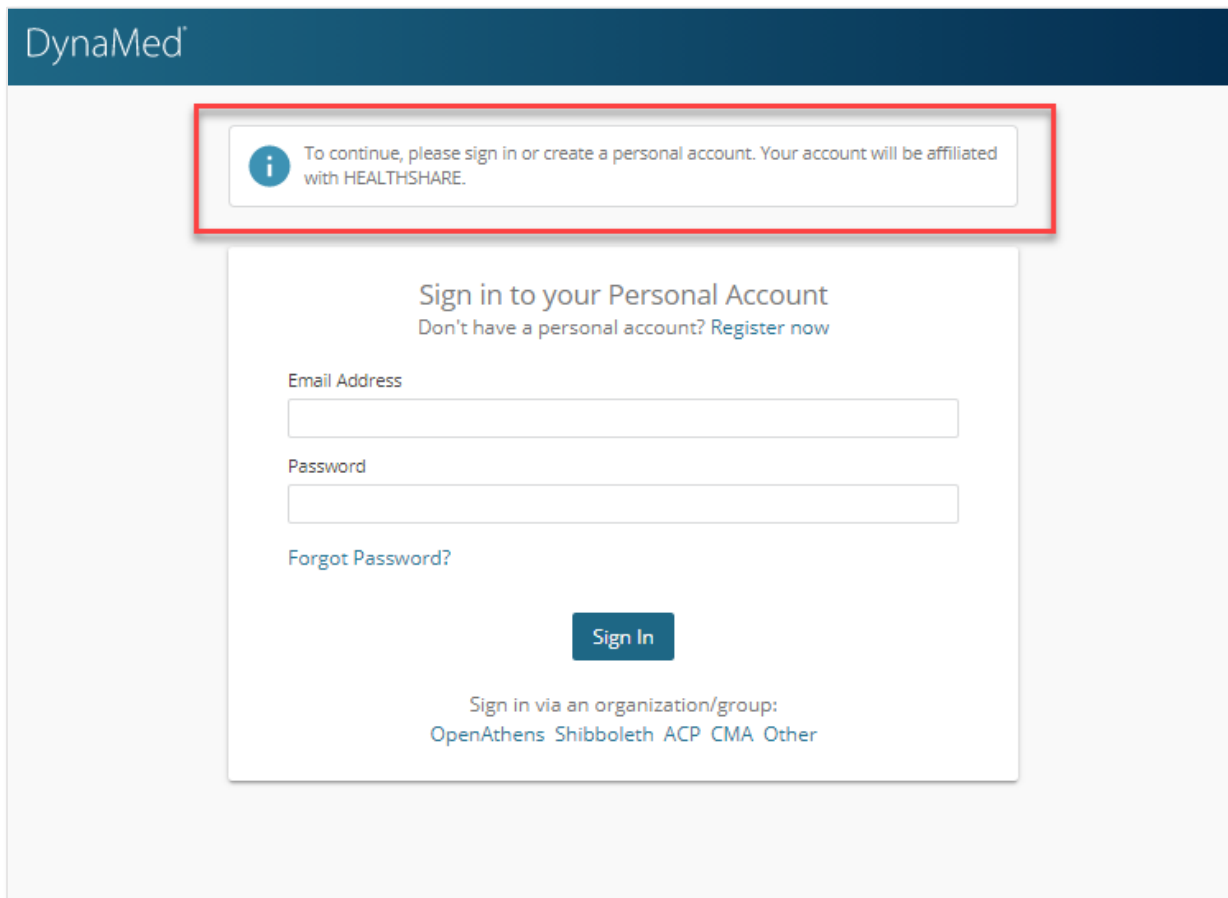

Withdrawing your consent:
You may immediately withdraw your consent for the collection of your personalized data at any time, as described in EBSCO's [Privacy Policy](#). If you do this, you will be unable to use a personalized account to access EBSCO's products. However, you will still be able to access EBSCO's products through your institution's account.

☒ **Yes. I consent to the collection of this personalized data which will allow EBSCO to provide me with a personal account. I understand the processing of my personal data is covered under my institution's contract with EBSCO. I acknowledge that EBSCO will collect and process my personal data including the categories and purposes of use for such data as described in EBSCO's [Privacy Policy](https://www.ebsco.com/company/privacy-policy/openExternal=true) and [What Information is Collected and How it is Used](https://www.ebsco.com/company/privacy-policy/openExternal=true#pl_categories).**

☐ **No. I do not consent to the collection of this personalized data. I understand that I can still access EBSCO's products without a personal account.**

6. Create a bookmark, save as a favorite or add a desktop icon for easy access in the future

DynaMed Mobile App Instructions

The DynaMed app is free with every subscription and is compatible with iOS and Android devices. Sign in with your Personal User Account to sync across all devices and access the robust evidence-based content of DynaMed both online and offline.

1. Download the app from either Google Play or the App Store

2. Open the app and "Sign in" with your Personal User Account username and password.
Don't have a Personal Account?
[Click here to go back to "How to Register for a Personal User Account"](#)
3. You will get a message that your authentication is successful, and it will now ask you to choose an installation option. If you choose a full install (i.e., offline access) it will take approximately 15 - 20 minutes to download the database depending on internet speed.

Set up time tracked CPD

DynaMed Continuing Professional Development is accepted by Royal New Zealand College of General Practitioners.

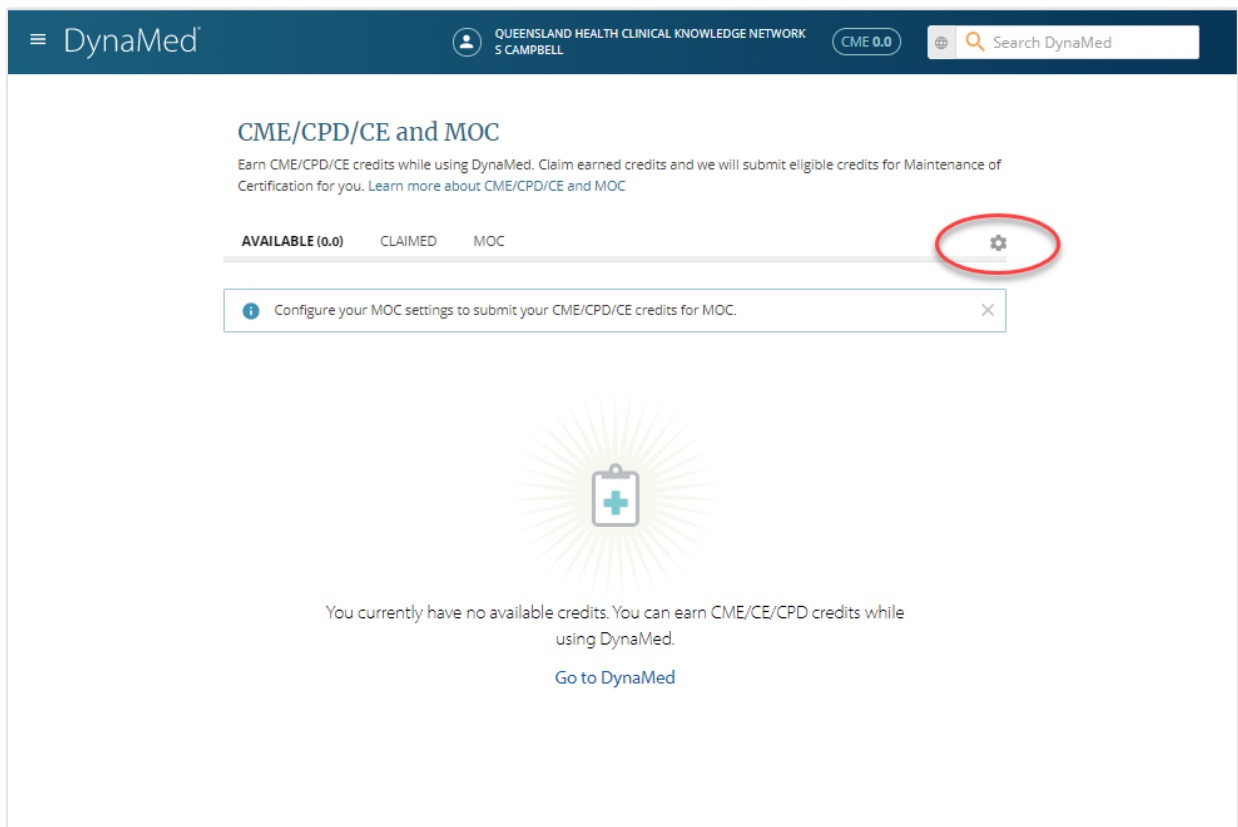

1. Sign into your Personal User Account (if you do not have a PUA, see [here](#) how to set one up)

2. Click on “CME”

3. Click on settings

4. Enter Country first
