

Cervical Screening Training: 2025

The course

- ▶ **1 Workshops:** a two day facilitation by experienced Nurse Educators, who are also practitioners, which provides multiple opportunities to practice on pelvic models.
Online pre-learning: As part of enrolment, you will be given access to online pre-learning modules to prepare you to engage fully in the face-to-face practical skill session.
- ▶ **2 Your workplace:** The workshop is followed up with an in-depth observation and assessment of practical skills in your workplace.
- ▶ **3 NZQA certification:** Upon completion, you will receive NZQA certification to conduct cervical screening (Unit Standard 29556).

Discounts available: Practices that send more than 3 clinicians on a course are eligible for a discount. Prior to registering, contact: PTDAdmin@sexualwellbeing.org.nz for discounted rate.

Sample Taker Training Grant information is available on the Health New Zealand Te Whatu Ora website. www.tewhatuora.govt.nz/health-services-and-programmes/ncsp-hpv-screening/cervical-screening-training-pathways

Let us come to you: in addition to our open course, we are able to run private courses for clinics if needed with possible discount.

Clinics, information, advice, and education — online or in person, specialist in sexual and reproductive health and wellbeing needs.
