

Dr Fiona Loan

Dr Fiona Loan graduated from Otago Medical School in 2009 and worked as a Surgical Registrar over 5 years across a number of surgical specialties, in Christchurch and Dunedin Hospitals, namely Plastics and ENT, before completing her GP Fellowship training in 2017.

She has worked at Mahoe Med since 2014 and specialises in Skin Cancer Medicine and Surgery providing a Skin Clinic with full skin checks, skin lesion checks, dermatology conditions and surgical excisions.

Vui Dr Tamatoa Blaiklock

Talofa lava. I am a Samoan General Practitioner working in Kirikiriroa. My main current roles are Clinical Director K'aute Pasifika and GP director Hamilton East Medical Centre. My mother's village is Lano, Savaii, Samoa from which I hold the chief title Vui Tafilipepe.

I have a passion to serve our Pasifika and Maaori communities. It is my vision to effect systemic changes in the health sector for Pasifika and to see our communities healthy and thriving.

As a practice owner I have a deep understanding of the current challenges facing general practice. This is a key time for our PHO to be strategic in our advocacy for primary care. I have 4 years of governance experience in various boards. My most recent role being deputy chair of Anglesea Charitable Trust. I believe this has provided me with the right skillsmix to represent you and our patients in the board room.
