

**A Ask**

Ask whānau if they have had their COVID-19 vaccination or are booked

**Brief advice**

Provide advice on the importance of getting the COVID-19 vaccination

- Helps protect whānau, especially those at risk of getting very unwell
- Has had robust testing and any side effects are very well monitored
- Reduces severity of COVID-19 and reduces spread
- It is free and there is enough for everyone

You could also point whānau to: [covid19.govt.nz/vaccines](https://covid19.govt.nz/vaccines)  
[karawhiua.nz](https://karawhiua.nz) – [covid.immune.org.nz](https://covid.immune.org.nz) – [www.health.govt.nz](https://www.health.govt.nz)

**C Connect**

Connect whānau with vaccination services. Offer information on how to get vaccinated. Offer to link whānau directly with a vaccine service or make the booking for them:

- online at **BookMyVaccine.nz**
- freephone **0800 28 29 26** (National) or **0800 220 250** (Waikato DHB)

If there are any issues email – [booking@vaccine.covid19.health.nz](mailto:booking@vaccine.covid19.health.nz)
