

Patient Prompt for Bowel Screening:

- *In the first year of a DHB's two - year cycle, the National Bowel Screening Programme (NBSP) invites those aged 60-74yrs with a birth date that falls on an EVEN number. The following year, those with a birth date that falls on an ODD number will be sent a FIT kit.*
- *Māori, Pacifica and dep: 9 & 10 are Priority populations for NBSP. FIT kits can be ordered by primary care outside of this invitation cycle.*
- *Clinical exclusion, NBSP withdrawal and FIT kit ordering can be done electronically via the prompt - please ensure patient consent for these.*

The example demonstrates a **negative FIT result** received in patient record followed by the date it was entered.

Bowel: FIT Result: negative 19/05/2021 change

The NBSP is referred to as **BOWEL SCREENING:** It will first show in the Prompt as the following if:

1. The Patient is eligible
2. The patient has not yet completed a FIT test or screening result is "Unknown"
3. The patient is being seen by the GP to be notified of positive FIT kit test result.

Bowel Screening: FIT Result: Unknown change
 Clinically excluded/previous history Yes No

Clinically excluded / Previous history Choosing 'Yes' will allow the drop box to appear. If patient has been coded for previous history conditions this will automatically tick **Yes**.

Patients who are coded as clinically excluded **will appear once** so that this information may be sent to the NBSP Coordination Centre - then prompt will no longer appear.

Bowel Screening: FIT Result: Unknown change

Clinically excluded/previous history Yes No

Clinically excluded

- Colostomy Yes
- Colectomy Yes

Bowel Disorder / Cancer Coding

- Personal history/treated for bowel cancer Yes
- Personal history of adenomas Yes
- Ulcerated colitis Yes
- Irritable bowel disease Yes
- Familial history of bowel cancer Yes
- Crohn's disease Yes

Information to be sent to the NBSP National Coordination Centre

- Patient is on a bowel polyp or bowel cancer surveillance programme
- Patient has had or is currently being treated for bowel cancer
- Patient has had their large bowel removed
- Patient is currently being treated for ulcerative colitis or Crohn's Disease
- Patient is currently awaiting bowel investigations arranged by the GP
- Patient has had a colonoscopy within the last 5 years

Choosing 'No' To **Clinically excluded / Previous history** will show the following drop box to select from.

Patient Declined NBSP is yes – the prompt will first turn **orange** and then turn **red after 2 years**

Patient withdraws from NBSP is yes – the prompt will **no longer appear**; this information is **sent to the NBSP National Coordination Centre**

Choosing 'No' to Patient Declined NBSP and Patient withdraws from NBSP will show questions regarding the FIT kit.

If a FIT kit has **not** been received, one can be ordered for **Māori, Pacifica and deprivation areas 9-10 residents** by clicking 'Yes' and '**Send to NBSP**'

Should a FIT result return "**positive**" the prompt will extend with the following options available.

Note to consider: Discussion with patient on next steps.

Colonoscopy public? Or private?
Is your patient suitable for a colonoscopy?

- 1. Patient Referred for FIT Positive? Yes**
In BPAC E-referral search bar type **FIT** to display correct referral. It is important to refer participants to the hospital on the correct form.
- 2. Please use the same referral if the participant wants to be seen PRIVATELY.** This detail will be passed onto the local Bowel Screening Service.

Patient Declined Colonoscopy? Yes

1. If **Patient Declined Colonoscopy**, they are automatically returned to the 2-year testing recall until the age of 74.
2. **Reminder: Update PMS**
For all information entered into the prompt remember to click the **Update PMS** button. This allows for pushback to patient info e.g.; read codes, screening term.
