

National
Cervical
Screening
Programme

I would like to acknowledge that you may be receiving the enclosed cervical screening reminder letter later than expected. This is due to changes in the National Cervical Screening Programme Register when the new HPV cervical screening test was introduced.

I sincerely apologise for this delay. Please contact your healthcare provider to book your screening appointment if you have not done so already.

Please be reassured that the issue that caused the delay has been fixed, and that future reminders will be sent to you on time.

If you have any further questions, please call us on **0800 729 729** for free, or email screening@health.govt.nz.

Yours sincerely

Anne Stewart
Programme Manager
National Cervical Screening Programme
